FIRE AT VIRGINIA BEACH.

Practically All Amusement Concessions Destroyed.

Norfolk, Va., June 12.—Fanned by a thirty-mile northeast wind, fire early yesterday morning practically destroyed all amusement concessions at Virginia Beach. The wind, however, favored the fire-fighters, to some extent and prevented the destruction of the Casino.

All concessions east of the Casino were destroyed. These were owned by J. H. Groves. The swimming pool, merry-go-round, the Groves boathouse and the adjoining hotel were destroyed.

E. H. Edwards and family of Washington, and several other boarders at the hotel had narrow escapes. Mr. Edwards leased the hotel and concessions from Mr. Groves, and it is said, that his losses will be heavy.

The fire started about 2 o'clock yesterday morning, and was under control an hour later. The total damage will aggregate $50,000, partly covered by insurance.

THE RETROCESSION DREAM.

Resident of Alexandria County Still Chasing Rainbows.

Amos B. Casselman, of Alexandria County, Va., appeared before President Wilson yesterday and urged that an effort to bring back into the District of Columbia the portion of the original territory included within its confines which lies across the Potomac River should be made through negotiations between the District and Virginia rather than by the institution of a suit in the United States Supreme Court attacking the legality of the act of retrocession whereby Virginia regained the land.

Having reviewed briefly the arguments advanced by Hannis Taylor, who recently petitioned the President to direct the Attorney General to file a suit to determine the constitutionality of the act of retrocession, Mr. Casselman detailed his objections to this procedure, and cited opinions of justices of the Supreme Court, senators, and representatives in Congress to support his contention that such a suit would not result successfully for the Federal government.

By pursuing his plan, he added,the government would not become involved in any controversy with the state of Virginia, and by amicable means could secure such portion of the old section of the District as it might desire for the park purposes or suburban development. This suggestion has been made in 1910 by Mr. Casselman before a committee of the Washington Chamber of Commerce, and, he said, had received the approval of that body and as well of the District commissioners.

The question, Mr. Casselman declared, had been before Congress on more than one occasion, and that body in each instance had refused to act.

The suggestion that the land was needed by the District of Columbia as a manufacturing center was deprecated by Mr. Casselman. The only valid reason for requiring the land, he said, would be for the development of a river park and a suburban residential section.

NO SUCESSOR TO LOMAX.

Law Precludes Appointment of Another Member of Gettysburg Commission.

Washington, June 12.—it has been found upon discovery here that there will be no successor to General Lomax as a member of the Gettysburg National Park Commisison. General Lomax died in this city about two weeks ago, and at once a number of candidates, among them Major Robert W. Hunter, of Winchester, Va., announced themselves for the place. It was not then known that there was any provision in the law which made these positions terminate with the life of the holders. Such, however, has been found to be the case by those who have examined the law. It has been ascertained that the sundry civil bill passed by Congress last August made such provision in this respect as will preclude the appointment of other members of the commission.

This discovery came as a surprise to many Confederate soldiers, who had been under the impression that they might become the successor to General Lomax. The friends of Major Hunter were ready to begin an active fight in his behalf when they found that there was nothing they could do.

This position is not only one of great honor, inasmuch as only a man who participated in the battle of Gettysburg was eligible, but the salary also was quite attractive, being $3,600 a year, with very little work required.

FIRE YESTERDAY.

A defective flue caused a fire at 4:40 o'clock yesterday afternoon which gutted the small two-story frame tenement house, 225 south West street, occupied by Preston Johnson, colored. The weather boarding on the south side of house 223 south West street, occupied by Christopher West, colored, was slightly damaged by the blaze. The damaged house is owned by W. P. Lockwood, of Washington, and the loss is said to be covered by insurance.

LAMBERT WINS SEAT IN COUNCIL

Supreme Court Decides Contested Election Case Against Barrett.

NO REASONS GIVEN.

End of Long Drawn Out Controversy for Office From First Ward—History of Case.

Among the long list of decisions handed down today, by the Supreme Court of Appeals, in session in Wytheville, is one reversing the decision of Judge Chichester presiding in the Corporation court of Alexandria awarding a seat in common council to Robert S. Barrett, who had instituted quo-warranto proceedings against Urban S. Lambert, a member of council from the first ward. The decision will end a long drawn out controversy whic hhas been pending in the courts for over a year and will leave Mr. Lambert in full possession of his seat. No further action will be taken by Mr. Barrett.

Nothing beyond the mere fact that the lower court had been reversed was given out this morning and it will be several days before the full opinion, giving the reasons of the judges for their action will reach Alexandria. As all the facts were agreed by the two parties to the controvery, it is thought that the decision holds that the statute relative to the election of city officials to fill vacncties at the first general election following the vacancy does not apply to members of the city council.

The facts of the case are well known. Mr. Lambert, was elected to fill the unexpired term of the late Hubert Snowden shortly after his death, 14 months ago. In the June election Mr. Barrett entered the Democratic primary as a candidate for council from the first ward to fill the vacancy caused by Mr. Snowden s death. He was elected and a few days latter presented his certificate of election to city council. He was refused a seat and immediately instituted quo-warranto proceedings against Mr. Lambert, in the corporation court. Judge Chichester, of Fredericksburg was named by Governor Mann to hear the writ and he rendered his decision in favor of Mr. Barrett. Mr. Lambert then appealed to the Supreme court and a writ of error was granted. Argument was made before the court, sitting in Richmond, last March and the decision has just been rendered.

By the decision the right of William Desmond to a seat in the council from the second ward is also settled, Mr. Desmond having been elected to fill the vacancy caused by the death of Louis Brill, while R. M. Graham was elected by common council. Mr. Graham will continue in his seat.

Mr. Lambert was represented in the proceedings by Judge J. K. M. Norton, and Mr. Barrett by Judge C. E. Nicol.

DR. CAMMACK'S ADDRESS.

Tells Richmond College Alumni of Needs of The South.

Richmond, Va., June 12.—Sitting down before a delightful dinner at the Business Men's Club, the alumni of Richmond College, some of whose days at college dated back as far as a quarter of a century ago, held a joyous reunion Tuesday. After the repast had been discussed, Rev. Jno. Cammack, D. D., was introduced as the principal speaker of the evening.

Taking as his text "The College Man's Task," Dr. Cammack alleged that the great need for leadership in social and political service must be filled from the ranks of college men. He said that the school population in the state of Virginia is only twenty-one per cent. of the whole, of which only thre ane one tenth per cent is in higher schools of learning, hence, according to the statistics which had been compiled, each college man went, after leaving school, into a community where there were 30 people who had not had the advantages of a college education. He strongly urged and advocated compulsory public school education. Unless this comes, he said, Virginia will still be ranked as forty-first among the States in school equipment and attendance.

He urged upon his hearers that they must appoint themselves to the social and political task, showing that public service demanded that they fulfill their public obligations. If competent men do not lead, he said, the incompetent will and a French revolution will result.

MORE TROUBLE IN CONSTANTINOPLE

Mahmud Shevket Pasha, Murdered Minister, is Buried Today.

IMPOSING FUNERAL.

Martial Law in Turkish Capital and All Persons Kept in Doors After 10 O'clock at Night.

Constantioople, June 12—With Constantinople under martial law and numerous members of the military League under arrest the body of the assassinated grand vizer, Mahmud Shevket Pasha, was buried today. The funeral service, which began at 10 a. m., was conducted with great military pomp and display and thousands looked on.

Prince Said Hallam, foreign minister and once president of the council of state, has been made grand vizer adinterim, and the other ministers will hold their portfolios for the present.

The people are in a state of intense excitement, fearing another revolution, and to prevent mobs the Porte declared martial law last night.

All citizens were ordered to be in doors by 10 p. m.

The assassination of Mahmud Shevket Pasha and his aid Ibrahim Bey, is believed to have been the result of a plot against the committee of union and progress (young Turks) in retaliation for the assassination of Nazim Pasha, and the removal of Kiamil Pasha as Grand Vizer last winter.

In the revolution led by Enver Bey which elevated Shevket Pasha, Nazim Pasha was shot down in the street in much the same manner in which the Grand Vizer lost his lift. It is said that Shevket Pasha was warned that if he did not punish somebody for Nazim's death he would be assassinated.

DEATH OF ANTHONY PHILLIPS.

Death of Southern Railway Porter—Was Faithful to His Trust For Years.

Anthony Phillips, better known as "Uncle Phil," the old negro porter at the offices of the Southern Railway building in Washington, a familiar figure throughout the business district of that city died Tuesday. The body was taken to Atlanta, Ga., for burial.

"Uncle Phil," who was 78 years, had held his position with the Southern Railway Company for more than 20 years, during which time he had never missed a day until three weeks ago, when he succumbed to the infirmities of age and went home to die. In his integrity the officials of the road placed the greatest confidence and frequently he was entrusted with large sums of money to be dispatched from one point to another. He gave a "possum" dinner each year to the officials of the road, which was a delight to all. The deceased was well known in Alexandria.

He was "too old" looking. It's the same everywhere. There is no doubt but that grey hair does make a man look old. There is no use waiting another minute—don't lose your position or fail in getting a better one because you are old looking—use Hay's Hair Health now.

Those who are using Hay's Hair Health recommend it to their friends, because it is genuinely good, always restores grey hair to its natural color; destroys dandruff, keeps the scalp clean and healthy. You begin to note the difference at once. The few grey hairs disappear and never return.

AUTOMOBILE ASSOCIATION.

Meeting to be Held in Rooms of Chamber of Commerce.

A meeting of the members of the Alexandria Automobile Association will be held tonight at 7:30 o'clock in the rooms of the Chamber of Commerce. The meeting will be of great interest to every member of the organization.

One of the important questions to be discussed will be the proposition to obtain reciprocal relatons between Virginia and the District of Columbia in the matter of automobile licenses. The auto committee of the Chamber of Commerce, recently appointed by President Pierce of the Chamber, is composed of the following: George D. Hopkins, William A. Moore and H. D. Kirk, and they are expected to be present at this meeting when steps will probably be taken to affiliate with the Alexandria Automobile Club.

The constant increase in the number of automobiles in this city and nearby counties makes it desirable to interest all owners of the same in the automobile organization, so that all can work together for good roads and secure legislation of benefit to the number and owners to machines.

BAR ASSOCIATION MEETS.

Candidates for Office Make Speeches. Judge Nicol Entertains Association

A meeting of the Bar Association of the 16th judicial circuit, comprising the counties of Alexandria, Fairfax and Prince William and the city of Alexandria, was held yesterday in Nicol Hall at Manassas. The meeting was well attended. President Gordon Finney, of Alexandria County, presided. A number of candidates for office in the coming primaries were present and addressed the meeting.

John Garland Pollard, of Richmond, who is making the race for the position of Attorney General, spoke at some length on the need of a revised system of pleading and practice in the Virginia courts. He cited numerous instances showing the inadequacy of the present system

Lewis H. Machen, candidate for the position of Lieutenant Governor, told of his efforts to in behalf of a longer session of the State Legislature and the need of greater time for the enactment of legislation. He urged the association to put itself upon record as favoring the change.

E. W. R. Ewing, of Alexandria county, and C. J. Meetze, of Prince William county, both seeking election to the legislature, also addressed the meeting.

The application of Louis N. Duffy, for membership in the association was received, and, upon motion of James R. Caton, the secretary was directed to cast the unanimous ballot of the association favoring his election.

At the close of the meeting the members and guests were entertained by Judge C. E. Nicol, at his country home, near Manassas, where a delightful luncheon was served by a corp of attractive young ladies at tables set under the trees on the spacious lawn.

Following the luncheon a base ball game was played between teams composed of members of the association. Captain Gaines' team was victorious over Captain Foster's, the score ending 14—9. The game was featured by the spectacular fielding of the two first basemen, W. C. Gloth and H. B. Caton, while heavy batting was the order of the day. No account was kept of errors and not more than a hundred were made. Some rough work at third base resulted in some contusions to several players who were, however, not seriously injured.

Mr. John M. Johnson, as umpire, gave remarkable satisfaction, only one complaint being registered aginst his work, which complaint lasted continuously for nine innings. The fact that no big-league scouts were present will, doubtless, prevent the desertion of a number of members of the association from the practice of law to the ranks of professional baseball.

Among those who attended the meeting were the following members of the local bar: John M. Johnson, Howard W. Smith, Lewis H. Machen James R. Caton, Harry B. Caton, J Randall Caton, Jr., C. E. Nicol, A. B. Nicol, Walter C. Foster and G. Washington Lewis.

WANT ARMOR PLATE PLANT

Committee Appointed to Call Attention to Alexandria's Facilities

Carroll Pierce, president of the Alexandria Chamber of Commerce, today appointed the following members of the chamber as the special committee wihch is to present the claims of Alexandria as the logical location for the governments proposed armor plate plant: G. D. Hopkins, chairman, W. A. Smoot, Jr., J. Louis Loose, W. W. Ballenger, H. K. Field, George S French, and C. S. T. Burke.

It is expected the committee will meet in a short time and prepare to secure data on the facilities offered by this city as the best location for the armor plant and take the proper steps to have same presented to the senators and to congressmen of Virginia.

The endeavors of the people of Alexandria to induce the government to locate the proposed armor plate plant at this city map prove successful. There are many reasons why, it seems, the federal authorities should turn their attention to this city should it determine to manufacture the armor plate now purchased from private works. These reasons have been mentioned in the Gazette during the past few days. The suggestion that the land now covering what was formerly Baptising Cove could be utilized seems practical, and should the area not prove sufficiently large for the government's purposes, there is an abundance to the west on the north of Hunting Creek. There is already a channel extending from the Potomac river and running west of the draw bridge of the Washington-Virginia Railway. This could be widened and deepened to meet all purposes.

During the early eighties what was known as the Virginia Iron Works, which had purchased the building now occupied by the electric plant at the foot of Wolfe street, gave out that it would need the Baptising Cove as well as Jones's Point for their enterprise. This proved a dream, and nothing in the way of improvements was made in the locality until about two years ago when the work of reclaiming the cove was begun.

Lodger in Braddock House Loses Key to Room and Calls Police.

A white man who rents a room in the Braddock House alarmed the neighborhood at a late hour last night by crying for assistance from the police. Officer Gill responded and found the man was under the influence of liquor and took him in custody. Upon being brought before the police court this morning and asked to give an account of himself, the former stated that he had lost the key to his room and believed he would have frozen to death had he been unable to secure shelter. In his dilemma he called the police to his assistance.

ELECTIONS IN VIRGINIA.

Hot Contest in Bristol Over Liquor Issue.

Bristol, Va., June 12.—H. E. Jones, president of the Dominion National Bank, who has long been regarded as the political boss of the city, has been re-elected to the city council in a hot municipal fight. The liquor interests have always supported him, but in the recent election they centered their forces on J. H. McCue, who joined the "wets" in the recent local option campaign, having for years been a leader of the "drys." This resulted in many temperance voters voting for Jones. H. H. Andrews, the only dry man running in that ward received only a small vote. J. R. Spaulding and J. L. C. Smith were re-elected. The fight was made to oust Jones from his influence in dictating municipal affairs, and voters were brought home from a long distance to vote against him. His plurality was 74.

In the same election the city voted for the application of the compulsory education law to Bristol, by a majority of 401.

Winchester, Va., June 12. — The Democratic primaries for municipal officers in this city were hotly contested, and the largest vote ever cast in primary here was polled. The nominations are practically equivalent to election. For city treasurer, William T. Barr defeated J. William Sibert by 65 votes; for city sergeant Adam Forney defeated J. Robert Doran by 187 votes; for Commonwealth's Attorney James J. Reardon, defeated R. Y. Conrad by 467 votes. J. E. Correll was declared the Democratic nominee for commissioner of revenue without opposition.

Luray, Va., June 12.—Municipal elections held in many town throughout the Valley of Virginia were confined to local affairs. In Luray, J. B. Martin, an attorney, defeated J. A. Hammer, the incumbent, for mayor, by 12 majority, while G. W. Slusher defeated John M. Chapman, the incumbent, for town sergeant by 34 majority. Hammer was elected two years ago, while Chapman has held the office about twelve years.

T. P. A. CONVENTION.

Abolition of Shoe Contract Brought Enthusiastic Endorsement.

Richmond, Va., June 12.—Virginia was heartily cheered and applauded by the delegates of the Traveler's Protective Association convention at their session yesterday morning on her having refused to renew her prison shoe contract and having placed an increased number of convicts on the roads.

The endorsement of Virginia's attitude in this regard came when National Chairman, E. B. Smith, of Shreveport, La., of the committee on good roads and public utilities, in making his annual report, said:

"Gentlemen, in regard to Virginia, and in connection with this matter of employing convicts on the roads, you will be glad to hear that Virginia has just terminated a large contract which existed between the state and a shoe company for the employment of her convict labor in the factory of the shoe concern and has placed them on the roads and in lime grinding plants instead."

Prolonged cheering and applause followed this announcement. The delegates did not know, however, that 500 convicts had been leased to an overall manufacturing concern and will remain cooped up and in competition with free labor.

Mr. Smith advocated most strongly the use of as much convict labor on public works as possible.

SHOT TO PROTECT GIRLS.

Car Conductor Arrested For Firing Pistol in Street.

Richmond, Va., June 12.—C. I. Jones, a street car conductor, was in police court yesterday on the charge of firing a pistol in the street last night in the vicinity of 25th and Broad. The case was continued until Friday, pending further investigation.

Jones claims to have been escorting Misses Flora and Lilly Snead home from a moonlight excursion trip when they were annoyed by a gang of hoodlums.

Finding that they persisted in making trouble, he says he was finally compelled to shoot at them.

He had just fired one shot and was about to shoot again when Bicycle Policeman Kidd took charge of him.

Though the hoodlums escaped the police hope to catch some of them before the case is called again. Jones was off duty at the time.

THE FINAL COURT HAS SPOKEN.

The final chapter has been rung down on the long drawn out controvery between Robert S. Barrett, and Urban S. Lambert, in reference to a seat in the city council. The Supreme court of the state rendered a decision today reversing Judge Chichester, presiding in the corporation court of this city, and awarding to Mr. Lambert the disputed position.

The public will no doubt be glad to know that the end has been reached and Mr. Lambert is to be congratulated upon a victory for which he has fought valiently. At considerable time and trouble he has maintain a position which has been vindicated by the court and the result should be most gratifying to him.

There will not remain the slighest bitterness from the decision. Mr. Barrett, contended for a position which he though that he was entitled to under the law of the state and was willing to have the matter tested in the courts. Men will always differ over their interpretation of the law but when a final decision is reached all thought of strife and controvery should be forgotten and such will be the result in the present case.

The fact that there was a contest and that it was so strenously fought on both sides argues well for Alexandria. In communities where there is no contest for office and little interest in civil affairs there is but little progress the business of the community is liable to be run in a rut But where there are business men [illegible] the opportunity of serving their community by accepting a position which entails expense, loss of time, personal inconvenience, the city is to be congratulated.

PROTECTION FROM FIRE.

Citizens of Rosemont Meet And Perfect Plans For Purchase of Apparatus.

A new volunteer company of fire fighters will soon be organized by the residents of Rosemont, the pretty suburb of Alexandria. Just as soon as the fire prevention committee of the citizens associaton can perfect its plans and start construction on the new building to house the chemical engine to be purchased by the Rosemont Citizens' Association. It is probable that the volunteer fire department will be fully organized to make its first practice run with the equipment to be purchased.

E. H. Kemper, president of the Rosemont Citizens' Association, has appointed a committee to immediately select and purchase a suitable chemical engine and 400 feet of fire hose. In the meantime plans are progressing for the erection on King street extended, of a suitable building to house the chemical fire apparatus. It will be located upon the hill side, so that in case of fire the fireman can take advantage of the gravity offered by a run down hill to the location of the fire.

The committee appointed to select and purchase apparatus is composed of E. H. Kemper, G. W. Keys, Mrs. J. W. Harris, Dr. J .A. Dienelt, Mrs. C. E. Dare and C. D. Hubbard.

There will be no special arrangements for stationing alarm boxes about the suburb, as there is telephone connection with every residence, and in the event of fire it is planned to secure the co-operation of central at the telephone office, who will call up each member of the volunteer fire department in turn.

AUDITOR EXPLAINS ACTION.

Quotes Law Giving Auditor Power to Appeal in Certain Cases.

Richmond, June 12.—Explaining his action in directing an assesment of attorney's incomes, notwithstanding an adverse decision in the Tazewell Circuit Court in the case of W. R. Werth, Auditor of Public Accounts C. Lee Moore said yesterday that some papers through the State have either misconstrued his position or are not familiar with the law on the subject. Ths state law, Mr. Moore explained, provides for the assessment of all incomes in excess of $2,000, and defines what constitutes income for the purpose of taxation. In the opinion of the state auditor, the income of attorneys, physicians surgeons, dentists, and of other professional men, are liable for taxation under that law, and this has been heretofore the universal view of the law. That every taxpayer in the state may have redress against any assessment of taxes which he deems erroneous the state has provided a ermedy and a day in court, as shown in Section 567 of the Code of Virginia. In doing this the Commonwealth has also provided for the protection of her revenue, by providing in Section 573 of the code as follows.

"If from the statement of facts or the evidence, the Auditor of Public Accounts shall be of opinion that the order of the court granting the redress is erroneous, he may, within one year from the time such order is made, file a petition for a rehearing of such applicants. The petition shall be presented and the hearing conducted by the attorney for the Commonwealth. After hearing, the court shall make such ordder thereon as may be proper. And should the order of the court be against the Commonwealth, the Auditor of Public Accounts may take an appeal to the Supreme Court of Appeals, and a supersedeas may be granted in such case in the same manner as now provided by law."

NEWS OF THE DAY.

In a pitched battle yesterday between the police and strikers in New London, Conn., twenty of the disturbers were hurt and five policemen injured. The trouble started at the Brainard & Armstrong silk mill, where a group of weavers who have been on strike had congregated when informed by the company that they had been discharged. They were ordered to disperse, but attacked the police with stones and other weapons.

The women of Illinois yesterday won their fight for the ballot. The House of Representatives, by a vote of 83 to 58, concurred in the woman's suffrage bill recently passed by the Senate and sent it to the Governor for his signature. He is pledged to sign the bill.

Lawrence Mervin, a "male suffragette," threw the British House of Commons into a panic yesterday when, from the visitor's gallery, he hurled a bag of flour at Premier Asquith. The missile missed the minister, but its contents were scattered over his colleagues. Mervin is a member of the Men's Suffragette Society. He was finally subdued and arrested amid great excitement, but before this was accomplished he showered suffragette literature upon the heads of the members, shouting wildly about the case of Miss Emily Davidson, whose death followed her attempt to stop the King's horse at the Derby.

A dispatch from Racine, Wis., says four of the twenty-five men aboard the large coal bark, E. M. Peck, are known to be dead following an explosion of a boiler on board the ship. Twenty-five men were on board at the time of the explosion, and it was impossible to learn of the number of injured or whether others are dead. The entire deck of the bark was wrecked by the explosion, and fire that followed threatened to burn the boat to the water's edge.

Fifteen men were wounded yesterday in a revolver battle on the levee front in New Orleans, when strike-breakers, employed by the United Fruit Company were attacked by 300 Union men. Hundreds of shots were fired by both sides, the striking union men directing part of their fire at fifty policemen, who attempted to quell the riot. One hundred and nineteen men were arrested. The strike-breakers were preparing to board the four United Fruit Company steamers when the attack was made.

Former Representative LaFayette Pence, of Colorado, is defendant in a suit for separation begun in New York, by his wife, Mrs. Catherine Sober Pence. She does not ask for absolute divorce, but charges cruelty and abandonment, and alleges continued misconduct with Mrs. Lillian N. Duke, divroced wife of J. B. Duke, the wealthy tobacco man. Mrs. Pence has also brought suit against Mrs. Duke for alienation of affections. Mrs. Pence places the damage done her at $150,000. Pence has been mentioned as a man likely to be appointed to an ambassadorship by the present administration.

The fire in hold No. 1, of the Munson Line steamer Olinda is reported entirely extinguished. The steamer which last night was 13 miles off Charleston lightship, is expected to arrive there this morning.

All speed records for armored cruisers were broken by the cruiser South Dakota, which made 22.13 knots for four hours in a run off San Diego, Cal. The cruiser also broke the builders' record trial. The best previous record was 21.99.

Disobeying his governess, the little nephew of Count de Novailles yesterday entered a kennel at Trouville, France, containing twelve savage dogs which were being trained for police service. The animals sprang upon the boy and literally tore him to pieces.

Mrs. George Styles living near Washington, Pa., is at her home in a serious condition as a result of wounds inflicted by a copperhead snake which she found under a pillow when she was making a bed. The woman's prompt work in gashing out the bitten spot with a knife probably saved her from sudden death. Entering a cloakroom in the Washington High School building, Miss Geraldine Henning came upon a huge blacksnake which showed fight. After a terrific battle the girl killed the snake just as other pupils rushed into the room to her aid.

Mhmoud Schefket Pasha, the Turkish grand vizier and minister of war, was shot and killed by assassins is confirmed. His aid de camp, Lieut. Ibrahim Bey, was also killed. Prince Said Hamlin, foreign minister and former president of the council of state, has been appointed grand vizier ad interim.

The American yacht Columbia was seized yesterday when she put in at Wakayama, Japan, which is not an open port, for repairs. She was on the voyage from Nagasaki to Yokohama. According to the Japanese law the owner of the yacht is liable to a fine or to confiscation of his vessel. Neither the oreign office nor the marine department has been informed of the incident.

Paterson, N. J., was shaken early yesterday by the explosion of a bomb in front of the home of three brothers who had persistently refused to join the silk strikers. The house was damaged, but the sleeping occupants were uninjured, and later they went to work as usual, under an escort of police. It was the second attempt to dynamite their home since the strike began. Sixteen strike pickets were arrested in front of one of the Broad silk mills. The police reported "renewed enthusiasm" on the part of the strikers.

A serious accident was narrowly averted yesterday by the presence of mind of Thomas Eslick, a fireman on a Reading Railroad passenger train. As the train neared the station at Shamokin, Pa., Eslick observed that John Downs, the engineer, had not reduced its speed. Springing to the emergency brake, Eslick threw on the air pressure and then brought the train to a stop. He found the engineer lying on the floor of the cab in a dying condition with his head crushed. It is not known how Downs met with the accident.

Electrical current from a bolt of lightning passing through the body of Tommy Brown, the four-year-old son of Mr. and Mrs. Thomas William Brown, of Jamaica, L. I., caused the boy to walk for the first time in his life. Tommy has always appeared perfectly normal physically, but has never been able to control his legs sufficiently to walk. Two days ago during a severe electrical storm a bolt of lightning struck the roof of the Brown's house and when the other looked up from the corner where she had hidden in fear of the lightning she was astonished to find that little Tommy had made his way into the hallway and was walking apparently with perfect control over his legs.

The giant steamer Imperator, of the Hamburg-American Line, started from Hamburg on her maiden trip to New York at 4 o'clock yesterday afternoon. One of the most severe storms which have occurred this season drove all except the biggest craft to shelter yesterday in the harbors along the coast. The storm tore the Osteriff lightship from her moorings during the night. The Imperator started from an anchorage in the open roadstead. She is too big to lie at the regular pier and rooted up her special moorings in the recent gale.

DIES FROM BUG'S STING.

Woman's Symptoms of Suffering Like Those From Rattler's Bite.

Reading, Pa., June 12.—From a bite of an insect on her neck, Mrs. Belle Eliabeth Clark, clerk in a department store, has died after a week of intense suffering.

The neck became sore and stiff a day after the bite. Her whole body became swollen, and the symptoms became identical with those following a rattlesnake bite. The most powerful antidotes had no effect.

Much Married Man.

Paris, June 12.—King Chwfa Maha Vajiravudh, the ruler of Siam, is credited with a total of 704 wives, according to a Paris newspaper, and he is in constant danger of having their number added to, for by an ancient Siamese custom he must espouse any young girl who offers herself in marriage.

In this way he is said to have married recently a Siamese girl who had been brought up in an English family and educated in the doctrines of the suffragette. Soon after her marriage this young woman started a suffragette campaign among her co-wives with the result that the unfortunate king now finds the feminine part of his household in a state of revolution.

Trustees and Commissioner's Sale of Residue.

Trustees' sale of the residue of the "Belvoir" or "White House" tract of land located in Mt. Vernon magisterial District Fairfax county Va., containing approximately 1100 acres with improvements.

By virtue of the authority vested in us by the will of Philip Otterback, deceased, and under decree of the Circuit Court of Fairfax County, Va., in the suit of Otterback vs. Bohrer, at its March and May terms, 1913, the undersigned trustees and commissioners will offer for sale at public auction in front of the Royal street entrance to the Market House in Alexandria Va., at

the above described prpoerty.

This tract, the old home of Lord Fairfax and separated from George Washington's home at Mt. Vernon by Dogue Creek, originally consisted of approximately twenty-seven hundred, (2,700) acres, of which 1,500 acres has been taken by the United States government for a school of Equitation of Horsemanship. The balance, between ten and twelve hundred acres consists of valuable farming lands and about eight hundred (800) acres of valuable timber It has a large deep water frontage on the Potomac river as well as a large frontage on Dogue Creek, with valuable fishing shores. The property is improved by an old mansion house, familiarly known for many years as the "White House," a club house, barns, stables, out-buildings and tenant houses. It is situated on the county road between Mt. Vernon and Accotink, and is about four miles by road from Mt. Vernon. This property is one of the most historic in the section and would make a very desirable country estate because of its location and the opportunities afforded for fishing and shooting.

WISHED SHE COULD DIE

And Be Free From Her Troubles but Finds Better Way.

Columbia, Tenn.—"Many a time," says Mrs. Jessie Sharp, of this place "I wished I would die and be relieved of my suffering, from womanly troubles I could not get up, without pulling a something to help me, and stayed in bed most of the time. I could not do my housework.

The least amount of work tired me out. My head would swim, and I would tremble for an hour or more. Finally, I took Cardui, the woman's tonic, and I am not bothered with pains any more and I don't have to go to bed. In fact I am sound and well of all my troubles."

Cardui goes to all the weak spots and helps to make them strong. It acts with nature—not against her. It is for the tired, nervous, irritable women, who feel as if everything were wrong, and need something to quiet their nerves and strengthen the worn-out system.

If you are a woman, suffering from any of the numerous symptoms of womanly trouble, take Cardui. It will help you. At all druggists.

PLEADS UNWRITTEN LAW.

Many Offers to Furnish Bail For Miss Mitchell Received.

Huntington, W. Va., June 12.—Many offers to furnish bond for the release of Miss Lola Mitchell, the 17-year-old Wayne county girl, who Tuesday shot and killed James Kendricks husband of her dead sister, were received yesterday. Counsel for the girl waived preliminary examination and she was bound over to the grand jury.

Magistrates have no authority to accept bail in murder cases, but application will be made tomorrow to Circuit Judge Williamson, at Logan to grant bail to the young girl. It was stated today the the girl's defense would be based on the "unwritten law." According to her story Kendricks had wronged her and promised to marry her.

Three weeks ago he married a young nurse and Tuesday went to reclaim his little child which had been kept by the Perdue family since the death of his first wife. After a quarrel the girl drew a revolver and shot Kendricks four times. Kendrick's bride of a few weeks is in a critical condition and was taken to a hospital last night.

Bristol, a.-Tenn., June 12.—Henry C. McConell, of Emory; H. T. Iseral and Dr. E. H. T. Foster, of New York; S. A. Ackley, State secretary, and H .T. Baker, of Richmond, boy secretary for the state. Threw Acid at Man.

Timothy L. Bailey and Miss Catherine McCarthy were married yesterday morning at Springfield, Mass., in the Church of the Holy Family, in spite of the fact that the bridegroom was suffering from sulphuric-acid burns inflicted Tuesday night by Miss Johannah Moriarity, of West Springfield.

Miss Moriarity, an erstwhile sweetheart of Bailey's entered the home of Mr. Bailey at 11 o'clock Tuesday night, and declaring she intended to injure him so that "he could never look at another woman," attempted to throw the contents of a tumbleful of acid into his face.

John Bailey, a brother, caught the woman's hand so that most of the acid fell on her. She is in Mercy Hospital, and will bear deep scars on her face all her life. Some of the acid struck Mr. Bailey on his neck and chest. His burns are painful but not serious.

Members of Miss Moriarity's family state that Bailey had promised to marry her, and that only recently did she learn of his engagement to Miss McCarthy.

LEAP FOR PURSE MAY KILL.

Professor's Wife Fractures Skull in Jump From Trolley Car.

Trenton, June 12.—The wife of Professor C. N. Hartman, supervisor of the Pennington public schools, is believed to be in a dying condition in a local hospital, as the result of a fractured skull, sustained by leaping from a rapidly moving trolley car last night to recover a pocketbook containing a considerable sum of money which she had dropped from a window of the car.

Mrs. Hartman was riding in a closed car, and as it was passing the State House, she endeavored to raise the window alongside her. She had partly raised it when her purse dropped from her hand to the street. She rushed to the rear of the car and before the conductor could prevent her jumped off. She was thrown to the ground with great force and rendered unconscious. Dr. Paul Cort, who lives opposite the Capitol, had the woman carried into his house, where he treated her and then she was taken to the hospital. Physicians say she cannot recover.

Studebaker

Your confidence is what Studebaker seeks to keep

Possessing this confidence, we have never tried to produce a *cheap* wagon. We could, but we don't dare try the experiment. Our constant aim has been to produce the *best* wagon.

And in living up to this highest standard, we have won and hold—the confidence and good-will of hundreds of thousands of farmers all over the world.

Studebaker wagons are built to last, to do a day's work every day, to stand up under stress and strain and to make the name *Studebaker* stand for all that is best in vehicles.

Don't accept any other wagon represented to be just as good as a *Studebaker*. The substitute may be cheaper, but it isn't up to *Studebaker* standards, and you can't afford to buy it.

For business or pleasure, there is a *Studebaker* vehicle suited to your requirements. Farm wagons, trucks, business wagons, surreys, buggies, runabouts, pony carriages—each the best of its kind. Harness also—of the same high *Studebaker* standard.
